

While playing Celeste, press ESC and select "Edit This Cart".

You are dropped into the Code Editor and will see all of Celeste's source code.

Tap on the Sprite Editor icon in the Editor Menu

Tap a color in the pallet. Select Draw Tool. Press ESC. Type "run" and press the Return key.

Celeste will have a new hair color! Why does only one frame have the change?
Hint: Look for more Celestes in the Sprite Editor.

Try changing the color of all the Celestes!
