HP Engineering + Thaddeus Computing Quality Control = A GREAT PALMTOP FOR YOU!

POWERFUL: The HP 200LX runs MS DOS software and comes with over 16 built-in apps. These include:

- | | |
|-------------------------|------------------|
| Memo Editor | Appointment Book |
| Phone Book | Pocket Quicken |
| HP Financial Calculator | Database |
| Notetaker | MS DOS 5.0 |
| ToDo Manager | 2 Games |
| Lotus 1-2-3 | WorldTime |
| Data Communications | Macro Manager |
| Filer | Laplink Remote |

AFFORDABLE: See pricing. Our refurbished palmtops are tested, cleaned, warranted and upgraded.

MOBILE: The HP Palmtop fits in your pocket. With instant on, it can be used anytime, anywhere, and run for weeks on standard AA batteries.

EASY-TO-USE: One-button-access to built-in programs (no installation); simple keystrokes for date, time, cut, copy, paste; multiple applications can remain open simultaneously; exceptionally stable operating environment.

TOP-QUALITY: Hewlett-Packard quality backed by Thaddeus Computing warranty.

PRACTICAL: Even though HP no longer manufactures the HP 200LX, these palmtops remain popular. Their size, built-in applications, DOS compatibility, and low-power consumption using 2 AA batteries makes them ideal units for many individuals and companies.

Given the nature of the market, we cannot predict if and when we have them in stock. To check on availability, go to our Web site or email us.

OPTIONAL MODEL: The **HP95LX** was the first MS-DOS based palmtop PC by HP, introduced in 1991. It has MS-DOS 3.3 in ROM along with PIM applications. Its processor runs at 5.37 MHz.

We buy a lot of used palmtops, but only resell the best. The others we use to salvage parts for our repair business. We maintain high standards for the used palmtops we resell.

We'll REPAIR or UPGRADE your PALMTOP — FAST!

Give your 200LX a new lease on life!

Normally, we ship units back within five days of receiving them. So, whatever the problem, just send the Palmtop in with a description of the problem and payment and we'll take care of it. — Only \$125 plus shipping, no matter the problem.

**We do not repair units which are 100% ruined,
with no salvageable parts.**

FREE 90-DAY WARRANTY

Extend 90 Days to 1 Year ... \$25

Jamie Snyder
(front) and
Jon Miller.
Our Tech Crew is
second to none!

TIPS FROM OUR TECHS:

Backup frequently! When a palmtop freezes up or the batteries die all information is lost and cannot be recovered. Plug your palmtop in with an AC adaptor when changing batteries. If you do not have an adapter, change the backup battery first and then the two AA batteries.

If your palmtop is dead (even after you change batteries), it doesn't mean you need it repaired. First try a softboot, (CTRL-ALT-DEL). If that doesn't work, perform a hard reboot (CTRL-left-SHIFT-ON), and answer N to initialize RAM disk. This could wipe out all information on the palmtop. If this doesn't work, take out the two AA batteries and the backup battery and let it set for 15 minutes, then insert new batteries and do another hard reboot. If this fails to bring it back to life, you will need to send it in for repair.

When installing programs that load their own config.sys file on a doublespeed palmtop, be sure the config.sys contains the line DEVICE=C:\SPD31.EXE. Without this line, and without spd31.exe residing on the C drive, your screen will appear garbled or right justified.

If your palmtop has gotten wet or been exposed to moisture, let it dry at least one day before trying to turn it on.

If you decide to run the tests of your palmtop, do not run the "Plug-in RAM card" test, it will corrupt the data on the card.

IMPORTANT!

Upgrade and repair **ERASES ALL DATA**, so be sure to do a complete back-up before shipping. Use a trackable method of shipping. Please include daytime contact info in case we have questions.

Repair customers, be sure to give us a description of the problem. Upgrade customers, tell us the upgrade you wish.

Non-U.S. customers:
write "Used Equipment For Repair"
on your shipping container.

Ship to: Thaddeus Computing
110 North Court St.
Fairfield, IA 52556

REPAIR: \$125

UPGRADE....

1MB to 2MB DS: \$89

1 or 2 MB to 4MB DS: \$99

If you don't want DoubleSpeed (DS), please state that with your order.

PALMTOP SHIPPING & HANDLING

All Palmtops: \$9.50 each U.S.; \$35 each Non-U.S.

Normally we ship units back within five working days of receiving them. One-Day Turnaround Service is available for U.S. customers for \$55. We cannot guarantee delivery time outside the U.S. (normally 1 - 2 weeks). Use a trackable method of shipping when sending Palmtops in for repair or upgrade. Include daytime contact info. Please provide street address for shipping palmtop back.

ALL PALMTOPS SENT FROM OUTSIDE THE U.S.

for repair or upgrade must say "USED EQUIPMENT FOR REPAIR" on the package.

PALMTOP WARRANTY INFORMATION

Repaired, Upgraded and Used Palmtops come with a Free 90-Day Warranty. You may extend this free warranty to one year for \$25.

Extensions must be made at the time of purchase or repair.

*"Sent my HP 200LX in for repair and upgrade.
BOY! YOU PEOPLE AT THADDEUS ARE THE GREATEST.
Can't get better service anywhere!" — Bob Elliott, Jr.*

*"Absolutely first class service. I've never dealt with
a better company!" — Tony Hutchins*

*"Thanks for providing such outstanding service to
the HPLX community." — Brian McIrvine*

*"Do not hesitate--send it in now!" After Thaddeus
repairs your machine, it will be like getting a
new toy! Same for a double speed upgrade and
Software Carousel." — George Coleman*

Great Software for Your Palmtop!

Personal Food Analyst

Your Palmtop can help you lose weight, eat healthier, and increase your energy level!

1. Monitors and analyzes your food intake for calories, cholesterol, fats, proteins, carbohydrates, salts – for a total of 27 nutrients
2. Shows you how much you should be eating based on your weight goals, gender, and physical activity level
3. Built-in database of over 4000 foods used by USDA, hospitals, and universities

PFA is easy to use professional nutritional software designed for the Palmtop
 Personal Food Analyst comes on a ROM card. It was designed for use on the HP 95LX and originally retailed for \$149 and later \$89. The easy-to-use program works well on the 100LX and 200LX. The program can be run from the ROM card. Alternatively, the program can be copied to and run from the C drive or another flash card.

From The HP Palmtop Paper...

"It's incredible what I thought was low fat until I entered it into PFA! ... It's also great for frequent travelers since it has many common restaurant items in its food database."

Personal Food Analyst\$11.97

More Satisfied Palmtop Customers!

"The Palmtop really is more like a Swiss Army knife than anything else. You can depend on it to help you out of a hairy situation." — Richard Liu

"Wow, is that thing fast! I highly recommend Thaddeus Palmtops for anyone thinking of upgrading" — Robert J. Vondra

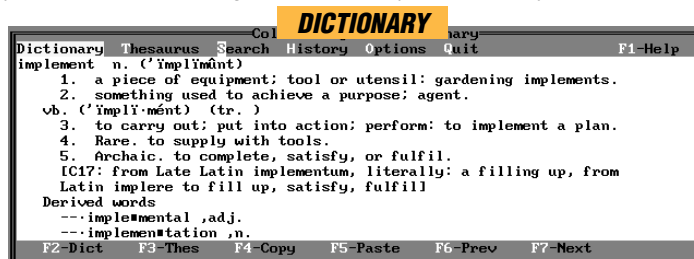

"Take heart! The speed upgrade is as nearly bullet proof as anything I have ever used. I have NEVER had a problem related to speed change." — Lynn M. Cavendish

"I got my upgraded LX Monday (earlier than I expected) and the difference is AMAZING. Please thank all who had a hand in the transformation and thanks so much for the fixes above and beyond the memory upgrade. Needless to say you have my business for life" — Paul Yarnell

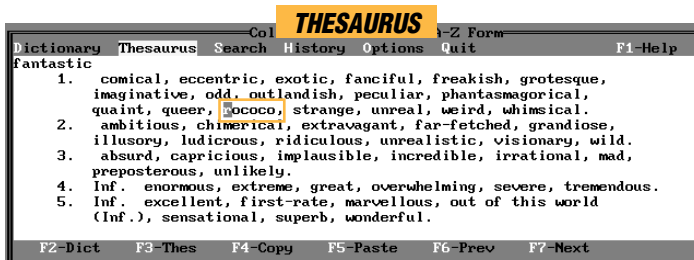

Electronic Dictionary and Thesaurus

190,000 Definitions & 270,000 Word Thesaurus

It's great having the official Collins English Dictionary (third edition updated) and Collins Thesaurus at your fingertips. The minimal typing feature scrolls through the wordlist as you type each letter. Because it's electronic you can find words in ways not possible with books. Besides being incredibly useful, an electronic dictionary is a fun way to learn about word origins and increase your vocabulary.

190,000 definitions. 16,000 encyclopedic entries. You'll find pronunciation, etymology, hyphenation points, antonyms, examples of words in use, in-depth information on how to use words appropriately. Dictionary entries include cities in Japan, rivers in Germany, business words, government terms, names, places, dates.

270,000 synonym Thesaurus grouped by parts of speech, or meaning, and directly linked to dictionary. You can look up words which appear within the dictionary or thesaurus definition. In this example, we look up "rococo" by moving the cursor and pressing F2 for dictionary definition or F3 for the thesaurus entry.

DEFINITIONS let us search the dictionary for all occurrences of a word in the dictionary, in this case "mathematics". Although a bit slow on the Palmtop, you can also do boolean searches such as (french AND composer). **WILDCARD** lets you search for the word. For example: l??a (you remember the "l" and "a" is four letter word for Italian currency), "ntr*" (all words containing "ntr"). Scrabble players and word puzzlers will appreciate the **ANAGRAM** feature. In addition, a history of words looked up in a session is easily accessible for backtracking.

"I'm a translator. I strongly recommend these Harper Collins products to anyone in the market for good Palmtop dictionaries."

— Tony D. Guzewicz

"I love them. Nothing like being able to get a definition or confirm the spelling no matter where I am." — S. Todd

Collins English Dictionary & Thesaurus on 10MB Card

\$55.97

Great Software for Your Palmtop!

Multilingual Dictionary

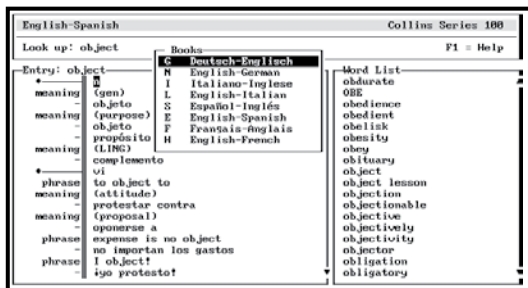

Quick & accurate translations anytime!

German • French • Spanish • Italian

English to and from Spanish, French, German or Italian: Install any or all of the eight dictionaries onto your Palmtop. One dictionary takes about 800K; all eight take less than 6 megabytes. Each dictionary pair contains over 75,000 references and 110,000 translations.

QUICK/ACCURATE TRANSLATIONS!

- Near matching: Looks up the closest spelling of the word
- Meanings: Signposted for accurate translation
- Minimal typing: Scrolls through the wordlist as you type each letter
- Wildcard search: * and ? finds words when you don't know the spelling
- Easy switching: Between all dictionaries
- History: Displays recent lookups

Word List feature means little typing. Type a few letters and select. Meaning chart and phrases let you choose correct word. Switch between dictionaries at any time.

"I used a couple of translation products on my 200LX. S100 I still like best. You can install it on the desktop as a Windows product and you can install it as a DOS version. It is easy to use. I run one Software Carousel session with S100, so it is always available. You should try it, it is worthwhile."

—Helmuth Guenther

"Absolutely awesome. I use the Spanish to English and English to Spanish constantly. Highest recommendation."

—Patrick Campbell

Great Used Software

Delivered on 3.5" floppy Disks with manuals

ABC/LX Battery Monitoring Software

Hassle-free software that accurately monitors your rechargeable batteries and optimizes the fast-charge/trickle-charge functions to maximize battery life and performance. **FREE**

ACE ↔ FAX

A small DOS fax program for the HP 100/200LX palmtop. Designed to give you basic ASCII facsimile transmission ability, along with fax reception of text, graphics, proportional fonts, photos and drawings. Takes only 200k for a full installation. **\$14.95**

AppMAN

A DOS Application Runtime Manager to enhance your ability to run DOS programs from the built-in Application Manager provided with your palmtop. Designed to increase the capabilities of Application Manager in its afunction of launching DOS programs. **\$14.95**

BATTman Software

A DOS Terminate-and-Stay-Resident (TSR) program that is automatically launched when it is installed in your AUTOEXEC>BAT file. It monitors all of the batteries in your 100/200LX and provided safe power management by utilizing a specific algorithm tailored to the type of batteries you are using. Supports Alkaline and Lithium replaceable batteries and Nickel-Cadmium and Nickel-Metal-Hydride Rechargeable batteries. **\$14.95**

MAGNIFY!

A DOS Terminate-and-Stay-Resident (TSR) program that is designed to operate when the 100/200LX is in 640*200 graphics mode, typically when the built-in applications area active. Using its hot-key (Fn+1 by default) a window pops-up which magnifies the dots or ipixels underneath it by 1, 2, 3, or 4 times. When the window is closed it remembers the size and position of the "lens" and associates it with the current screen. **\$14.95**

myREMOTE

A program to turn your palmtop into a universal remote control for TVs, VCRs and other devices that use an infrared remote control. It must be ittrained for each device and is not guaranteed to work with all equipment. **\$14.95**

Palm Connect Software

Provides an automated file management, back-up and synchronization system for the data files you create on your palmtop. Features include: Revolutionary HotSync! between your palmtop and desktop PC; Record-level synchronization of Phone Book, Appointment Book, and Note Taker files between your palmtop and desktop PC; Automatic file restoration; File management so you an easily move and copy files between your palmtop and desktop PC; Easy data entry by using the full-sized keyboard of your desktop PC to enter data used by the Phone Book, Appointment Book, and Note Taker applications. **\$14.95**

SWITCH!

A multi-purpose program to increase the utility of your palmtop. In comes in two parts: SWITCH!.COM which is used to launch the System Manager built-in applications (MEMO, PHONE, etc) and SWITCH! Environment that allows DOS applications that are SWITCHable to be task-switched with the built-in ones. The second part is SWITCH!EXM which is the Menu/Control Panel program that gives you complete control of your palmtop. **\$14.95**

Software Carousel

Now you can switch between PHONE, your favorite game, and a dictionary as easily as you switch between MEMO and APPT! Your Palmtop can be...

Like 12 Palmtops in 1

Windows-like Flexibility!

Software Carousel is a must for your palmtop if you run DOS programs or if you have ever run out of memory because of large 1-2-3 or database file! Use Software Carousel to create up to 12 palmtop sessions. Have one devoted to a large 1-2-3 file, others to your favorite DOS programs, and another to built-in applications (where you can open a second 1-2-3 file). Switch between session by pressing the application key or hitting the Ctrl key and the number of the session.

Great with DoubleSpeeds using a Flash Card!

Software Carousel (and especially **SUPER Software Carousel!**) unleashes the full potential of your Palmtop. Works with Flash card memory. And, of course, we offer a 30-Day Money-Back Guarantee so you can find out for yourself.

You'll need at least 1MB of flash or C drive space on 100LX, 200LX or 1000CX.

Software Carousel on 4 MB Flash Card.....\$47.97

"Everybody should consider getting this 'cannot live without it' piece of software. Its value in terms of \$ is just the price of a palmtop multiplied with the number of SC sessions you want to run. I have 10 sessions running, It's really that simple: SC just offers you up to 12 virtual palmtops in one physical. SC is the most important piece of software running on my LX!"

— Stefan Peichl

"I'm sorry I hadn't bought it years ago. It should be standard issue for every palmtop you sell!"

— Larry Feldman

"Absolutely fabulous. Quick, everybody run out and buy Software Carousel!"

— Larry Nielsen

SUPER Software Carousel

Like fast task-switching? Built-In Apps? **How About 40 More!**

Super Software Carousel is fantastic ... NOT some loosely cobbled together set of ideas. You folks did the work, research, etc. and integrated a LOT of things that I never would have taken the time to figure out and do; then made it pretty darn easy to install. That's my long version of: "THANKYOU!!! Worth Every Cent!" [and, yes, you can quote me] —Timothy Raymond

What makes Super Software Carousel *SUPER*?

It begins with Software Carousel.

But we've done all the work and provided the BEST available freeware and shareware in one pre-configured package! All easy-to-use programs that will tremendously expand your palmtopping power.

SUDDENLY your palmtop is loaded with all the best freely available software!

SUDDENLY you have so many new Games, Programs and Utilities that it will take you months just to explore it all!

SUDDENLY you can do all the things you always wished you could, from spellchecking to hypertext viewing to playing chess. And far more!

And it's just the beginning! You can add all the programs to Software Carousel that your palmtop's memory will bear. (You can delete programs too, if you like.)

It's a quantum leap in HP Palmtop computing, and adds whole new dimensions to having a PC in your Pocket!

Installation: Fast and Painless!

If you'd like, you may send your palmtop in to Thaddeus to have SSC installed free (normal shipping applies.) The palmtop must have 8 MB or more memory with at least 5 MB free.

Everyone who orders Super Software Carousel will receive the CD and complete documentation.

Super Software Carousel on FLASH

WE'LL INSTALL IT!

Insert PC Card containing Super Software Carousel in Palmtop. Reboot. You have forty new applications and games ready to go.

Super Software Carousel **\$89.97**
Super Software Carousel on Flash Card **\$99.97**

6 Reasons to Visit Often

The screenshot shows the website for Thaddeus Computing, which has been serving mobile computing users since 1985. The main heading is "The HP Palmtop Paper ONLINE". A search bar with the Google logo is present, along with radio buttons to search the site or the web. The main banner reads "Everything HP200LX: Knowledge, Products, Service".

On the left sidebar, there are several sections: "NEW" with a "Palmtop Catalog" (PDF, 2.6 MB), "Archives" (9 years, 100's of pages), "Links" (most useful, up-to-date), "Downloads" (direct link into 1000's of pieces of software), "Tips from Our Techs", and "Contact Us / About Us".

The main content area features a large heading: "We Buy Palmtops, in Any Quantity, Any Condition". Below this is an email address: Biba Dangol, biba@thaddeus.com. A section titled "What's in the Palmtop Store:" includes a note about limited supplies of brand new 200LX Palmtops and a list of products: HP Palmtops (refurbished with 2 MB to 32 MB of memory), Palmtop repair service (\$125 flat fee), and Technical Support. A "Warranties" section states that refurbished units come with a 90-day warranty, extendable to one year for \$25 or two years for \$75. A "Palmtop Upgrades" section offers upgrades to 4/6/8 or 32 MB and/or DoubleSpeed.

On the right sidebar, there are advertisements for "200LX.com" (I WANT YOUR PALMTOPI!), "SMARTPHONE & Pocket PC MAGAZINE", "UsedHandhelds.com" (Buying and Selling Windows Powered Handheld & Pocket PCs), and a "BUY" button for UsedHandhelds.com. A "Notice about Palmtop.net" mentions that S.U.P.E.R. software is now available under the domain name of hp200lx.net.

1. Check on availability and order any product in this catalog.
2. Learn about "specials" and other palmtop products not listed in this catalog.
3. Sign up for our free HP Palmtop email that will provide tips and keep you updated on our latest offerings.
4. Directly link into the S.U.P.E.R. download depository of over 1000 pieces of great palmtop software, most of which is free.
5. Sign up to the active HP Palmtop mailing list discussion group— a great place to get your questions answered and share your insights.
6. Browse through or conduct a search through all HP Palmtop Papers published from 1991-2000! There you'll find 100's of great articles, tips, how-to's, and reviews to increase your palmtop pleasure.
